Local Banks, Adopt Rules and Regulations to Head Off Trouble.

HOURLY CARS TO HOT SPRINGS

Rapid Transit Will Operate Electrical Service After Nov. 1-Junction City News Notes.

Ogden. Oct. 31.-The new rules and regulations adopted by the Ogden banka vesterday morning have not worked ny hardship on the business men and is not expected they will. The rule opted that no depositor shall be priveged to draw out more than \$50 at one ne and that not oftener than twice week, was at first looked upon as a hardship, but on receiving the cashler's check for all desired over the \$50 the ustomers have been satisfied. The envinue departments of the various banks will require from all the full time of notice before they can draw out their coney. The banks will, as usual, reve checks for any sum,

The clearance house rules as adopted recently by most of the banks of the country, are practically the same as these passed upon by the local banks for their regulation, All of the banks of the city have joined the association and assert that the present regulations must govern all their business so long 48 they consider the financial conditions are such that their deposits must be

CARS TO HOT SPRINGS. Rapid Transit Will Put in 60-Minute Service Nov. 1.

The Ogden Rapid Transit company will operate the line running from the city limits on the north to the Utah-Hot Springs after Nov. 1. A service of one car every hour will be put into effect for the winter months, the cars leaving the corner of Washington avenue and Twenty-fifth street 25 minutes after the hour. The fare to be charged is as follows: From any part of Ogden City to the city limits, 5 cents: from the city limits to the store at North Ogden, 5 cents; from there to Pleasant View, 5 cents, and from Pleasant View to the Hot Springs 5 cents. cerning the construction of the via duct over Twenty-fourth street. Mr McGonnegal ways it is the desire of McGonnegal ways it is the desire of the comp. To begin work at once on the visduct, which is to extend from the east side of Wall avenue west 2,271 feet, and that it is necessary for the business men to decide just what they want done as to the Wall avenue approaches, a matter which must be settled at once. The railroad company will today file with the city recorder an application for a franchise to construct the viaduct, and it is expected that definite action will be taken next Monday evening. The approaches on Twenty-fourth street will be 238 feet long and the structure is to be a practical duplicate of the Sait Lake viaduct, except that it will be longer. It will be built of confete and steel.

SALARY ORDINANCE FAILS.

SALARY ORDINANCE FAILS. At the special session of the city council last night the ordinance to increase the salary of the city treasurer from \$600 to \$1,500, failed to pass only three of the seven members present favoring the proposition, so the treasurer will get along on the cid salary and will be employed by some of the local banks as heretofore.

BRIEFS AND PERSONALS.

BRIEFS AND-PERSONALS.

A marriage license was granted to Hugo Baden of Stockton, Cal., and Miss Alberta L. Brooks, of San Francisco.
Beginning next Sunday morning the Seventies' quorums of the Weber stake will meet at 10 o'clock instead of Monday-evenings, as heretofore. This new departure has been made so as to accommodate many seventies who could not attend on Monday evenings.

The young ladies of the Flith ward gave a very enjoyable social last night at the ward hall.

The \$200 bond of E, Bennett Bussy was forfeited in the municipal court, the defendant failing to appear for trial on the charge of receiving stolen goods.

Yesterday all that was mortal of Lauritz Christoffersen was laid in its final resting place. He had been failing for years and for the last few months was confined to his bed, awaiting his final call. Lauritz Christoffersen was born in Norway in 1830; joined the Church in Christiania in early days; come to Fairview in 1875, and has resided here ever since. He was a skillful brick mason and has erected many buildings in this country. He also assisted in the construction of the Manti temple. He leaves a wife and four sons, all grown and married, one of whom filled a mission to Norway a few years ago.

Funeral of Mrs. Joseph Neaves-New S. S. Superintendency,

Special Correspondence.

John Leithead Brinkerhoff was stricken down suddenly in the dawn of young manhood. He was born in Thatcher just 19 years ago on the 22nd of September. He was the son of Hyrum and Helien Leithead Brinkerhoff. The young man complained of not being well. Went to the doctor on Monday and died Tucesday. The seeming cause of his sudden death was Bright's disease of the kidneys, or diabetes. Notwithstanding the rain a large crowd turned out to the funeral. Bishop Wm. A. Moody presided; the Thatcher choir furnished beautiful selections. Patriarch Samuel Claridge, Bishop Moody and President Andrew Kimball were the speakers. The casket was covered with beautiful white dowers and everything was done that could be for the comfort of the distracted mother.

One week of rain has flooded the streets of the city, some being washed beyond repair. Considerable hay was destroyed by the rain, but the country is soaked for fall plowing and everything bids fair for another good year. Special Correspondence.

Millville, Cache Co., Oct. 28.—The funeral services over the remains of Mrs. Susie Neaves, wife of Joseph Neaves, were held in the meetinghouse Sunday afternoon. A large assembly of relatives and friends attended. Consoling remarks were made by Elders John King. C. C. Shaw of Hyrum, Henry Bullock of Providence. L. P. Christianson of Hyrum, Joseph R. Jeppson. George O. Pitkin, James A. Hovey and Bishop J. E. Roneche of Millville, each testifying to the many noble traits of character of the deceased.

SUGAR FACTORY BEGINS RUN.

Special Correspondence.

Special Correspondence.

Raymond, Alberta, Canada, Oct. 22.—
The sugar factory started last Saturday with prospects of the most successful run as regards the beet cron, in the history of the enterprise. The past season has been an ideal one for non-irrigated products of all kinds. grain as well as beets, and where irrigation has been used, invariably it has been to the injury of the crop. The beet yield per acre in many instances is as high as 15 tons and the quality, according to expert testimony, is of the highest. While the gross acreage this year is not as great as in some preceding years it is confidently expected that the sugar output will exceed any season of the past. The snowstorm of a little over a month ago and which has added to the notoriety this country has already attained as a storm center, really did very little damage and its benefit to next year's crop will more than balance any small damage that may have been sustained. next year's crop will more than balance any small damage that may have been sustained. Under usual conditions the storm would have done no injury at all as by the time it occurred all the grain should have been cut and "stooked" (that's English you know) or as we would say, shocked, but because of the great amount of work to be done in harvesting this season's immense crop, the farmers were a long way behind with their work and so some of the grain was caught uncut. Since the storm the weather has been ideal and harvesting along all lines has been proceeding merrily. Farmers are wearing the haughty money plethora expression as the price of grain is near the dollar mark and some of them are threshing 60 bushels to the acre. One land owner sold a farm in the spring for \$20 per acre which was seeded to winter wheat, the purchasers threshed 7 bushels per acre from their purchase and marketed the product for about 90 cents a bushel which left them a profit considerably in excess of the purchase price of the land. Raymond, this year, will add to the world's crop something near 500,000 bushels of grain, which, added to the best crop and the cattle product, mirrors on the former's faces the satisfaction they feel with themselves as reflected in the money plethora expression. They remind one of the Democratic crator's flight who said: "John the Baptist came forth

DOUGLAS WARD ORGANIZED.

A little band of saints have just completed a beautiful meetinghouse, with baptismal font and every convenience. Douglas was organized a bishop's ward of the Saint Joseph stake.

Presiding Elder J. Parley Biglow, who has done so much for the branch and the erection of the unique little meetinghouse, was made bishop with Brigham F. Duffin and John T. Butler counselors.

At Bisbee ward the saints have purchased a resident property and transformed it into a splendid little meetinghouse, with three good rooms, fitted out with electric lights and comfortably seated. The building meets the long feit want of the growing branch of the Church. Eiders John McGuire, John McRae, bishops counselors who had moved to South Bisbee were released and Eiders Moses Zundel and Fowell Cosby were sustained counselors to Bishop John S. Warren.

iis Dear Old Mother.

The situation of the farmers puts them above the fears of timid commercialism, which is always anxious about Wall street and what the money barons are likely to do. There is an immense immigration coming into Southern Alberta from the states because they can buy land here for one-quarter what is being asked for it there, and the cheap land here will produce three times the grain their's can be made to yield.

This country suffers one serious draw. "My dear oid m other, who is n ow eighty three years old thrives on Electric Bitters," writes W .B. Brun-son, of Dublin, Ga. "She has taken Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps wel." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them.
